Four generation winery, located in Chitry in Burgundy. The estate has 20 hectares located on Chitry and Chablis to produce:

Bourgogne aligoté, Bourgogne Chitry white, and red, Chablis and Chablis Premier Cru.

To obtain the highest quality and out of respect for the environment, the maintenance of our vineyard is only carried out mechanically (plowing). In addition, we try to limit the number of phytosanitary treatments based on risk analyses. We also carry out budding which consists of removing the counter-buds in order to reduce yields.

VINIFICATION :

The vinification and maturing of the wines are carried out principally in a thermo-regulated stainless steel tank, which enables the favourable fusion of modern techniques with traditional methods for producing high quality and hygienic wine. The Bourgogne Aligoté, is vinified and aged in stainless steel tanks during 10 months with lees contact.
